

Collection Selection Campaign

Junior Civitan International's annual community service project needs your club's participation. The reward is the true meaning behind our youth organization, helping others. A collection of items based on your community's needs is an easy project to accomplish with endless opportunities. Your club could collect coats, shoes, hygiene products, school supplies, toys... you see a need, try to fill it. If your club reports its participation, it will receive a banner patch in recognition of its wonderful efforts. Junior Civitan International must receive a report by March 1 for your club to be recognized.

Report Form

Junior Civitan Club _____

District _____

Number of Items Collected _____

Brief description of items collected, how items were collected and what charity or individual received them:

Mail by March 1 to:
